

Jacqueline Wasseveld-Reinhold

jacqueline.wasseveld-reinhold@coverdale.de
Consultant, coach, partner

"In working with people, I want to foster an atmosphere in which partnership and respect are taken for granted. That promotes openness and trust, both of which are essential prerequisites for reflection and learning. I enjoy structuring topics, discovering relationships and communicating my impressions back to people. And if I can help provide people with impulses for their personal development, that makes me even happier."

Consulting and training focuses

- Multi-modular leadership development programs for executives (national and international level)
- Consulting and management for organizational development projects
- Executive coaching
- Workshop facilitation
- Conflict mediation
- Seminars in intercultural management, teamwork, project management, negotiation and facilitation
- Consulting and facilitation for assessment centers
